RE: CC Docket No. 00-257

Dear Ms. Dortch:

I am submitting this letter to certify compliance with the advance notice provisions of 47 CFR 64.1120(e)(1). This certification is required because the customer base of TechTelephone Company (TechTel) is being acquired by **AMA** Communications, L.L.C. d/b/a AMA*Tech Tel Communications. Service to the TechTel customer base will be transferred to another carrier without obtaining each subscriber's authorization and verification in accordance with 47 CFR 64.1120(c). TechTel provided customers local, long distance, and data telecommunication services. AMA*TechTel Communications will provide the same services to TechTel customers.

TechTel customers will be transferred to AMA*TechTel Communications after **all** required regulatory approvals are received and a 30-day notice is provided to affected customers. The parties expect to transfer the service of customers on January 10, 2003.

The attached notice letter is being sent to TechTel customers. If you have questions or need additional information about the filing, please contact me at (512) 225-0027.

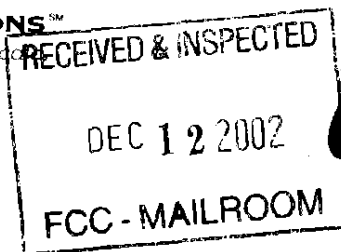

Sincerely yours,

Bradford W. Bayliff

TECHTEL • COMMUNICATIONS™
Revolutionizing the way you communicate

December 10, 2002

Dear Valued Customer:

We are pleased to announce that AMA Communications, LLC, a wholly owned subsidiary of **AMA** Wireless, LLC, has acquired the assets of TechTel Communications and will continue to serve all of TechTel's customers under the name **AMA•TechTel Communications**. **AMA** Wireless is a leading provider of high-speed Internet access, networking and web-hosting services. Since it was founded in 1995, **AMA** has expanded to over 20,000 square miles of Internet access coverage throughout the Texas Panhandle region.

As a result of this reorganization, **AMA•TechTel** stands as one of the largest and most financially viable players in the telecommunications industry in West Texas. **AMA•TechTel** will continue to offer you a full array of telecommunications services, including local, long distance, and data transmission services. It is our goal to provide the same high quality service you received with TechTel at competitive rates. You can continue to use the same local telephone numbers below to reach the customer care representatives you have come to rely on. To contact your local office please dial: (806) 722-2222 for Lubbock, (806) 359-6445 for Amarillo and (915) 620-0000 for Midland.

AMA•TechTel Communications will honor existing TechTel contracts and service plans at the same competitive rates offered by TechTel. Although no rate changes are currently planned, we will **notify** you in a bill insert or separate mailing of any changes in our service offerings, rates or conditions before any changes go into effect.

You have a right to select your local service provider and preferred long distance carrier. *You* may select **AMA•TechTel Communications** or another company. **All** customers, even those who have arrangements for Preferred Inrercxchange Carrier (PIC) freezes, will be transferred to **AMA•TechTel** unless you select another carrier before January 10, 2003. **All** existing PIC freezes will be lifted when the account is transferred – you must contact your local service provider if you want to arrange a new PIC freeze.

If you are happy with your service and would like to stay with **AMA•TechTel**, simply **do** nothing. If you do not select another provider by January 10, 2003, your account will automatically be transferred **to** **AMA•TechTel Communications**. You **will** not **be** charged for the transfer of your account to **AMA•TechTel**; you will have **no** interruption in service; and **AMA•TechTel** will **honor** the rates and conditions of your current contract or service plan with TechTel.

If you select another local or long distance service provider, you should contact that company immediately to ensure your service is transferred. You **may** incur a charge if you select another local service provider. If you have a long term contract with TechTel you may face termination penalties if you choose another provider before your existing contract expires.

AMA•TechTel will be responsible for handling any complaints filed, **or** otherwise raised, prior to or during the transfer. You can contact **AMA•TechTel** at 1-866-378-8324.

We appreciate your patience during our reorganization. We have positioned our company to serve your communications needs for years to come. You are a valued customer and we truly appreciate your business.

Sincerely,

Leslie Rhodes
